Commercial Advice*

“Evolution has provided PETUK with an excellent service. As well as completing our audit and tax compliance work efficiently and on schedule, they have provided us with proactive advice and support in a number of areas. As we aim to grow our business it is important that our advisors are there to support and advise us and we have been impressed with the quality of service and their ability to deal with international issues”.

Ian Roxburgh, Managing Director

HLB (UK) LTD: NORTH EAST

CLIENT OVERVIEW

PET Processors UK LLC (PETUK) is a subsidiary of the US-based Diefenthal Holdings LLC. The company has demonstrated significant growth in recent years, widening both its product range and customer base. The company invests heavily in research and development and is at the leading edge of product development in its sector. PET employs 21 people at its Dumfries base, and is looking at expanding the size of its workforces and its premises to accommodate further growth. The company is a key contributor to the local economy and exports account for a significant proportion of its output.

KEY BENEFITS DELIVERED

Services provided include annual reporting, auditing and tax compliance to fit in with the reporting deadline of the company and its US parent. The company has also sourced additional compliance services, including a review of month end stock control procedures and grant claim reviews. Strategic, tax and commercial advice has also been provided by HLBI firms to the company and its management to help ensure continued growth and the best use of available resources.
